

Tim Greene

Quality Machine of Iowa, Inc.

Tim Greene updated his company's equipment and improved its processes in order for the company to grow and compete globally. His hard work and dedication, along with counseling from the North Central Iowa Small Business Development Center, has made Quality Machine of Iowa, Inc. one of the top precision machining companies in the industry.

1984 – Tim takes over management of his father's MN company.

1994 – Tim looks for alternate location so his company can grow and diversify. Located in Denison, Iowa.

1996 – Quality Machine moves main production facility to Audubon, Iowa.

2004 – Tim merges MN and IA companies, renames and moves headquarters to Iowa; company earns ISO 9001:2000 certification.

2008 – Quality Machine of Iowa receives 2nd Appreciation Award from Audubon County Economic Development.

2010 – Quality Machine earns ISO 9001:2008 certification.

2011 – Quality Machine of Iowa has 55 full-time employees and \$7,000,000 in annual sales.

SBDC had the contacts throughout the state and federal agencies that allowed us to position ourselves for steady growth and continuous improvement ... and be a force in the worldwide manufacturing arena.
